Finest in Contemporary and Luxury Lighting

We are the exclusive promoter and distributor of some of the finest international lighting designs.

IM Design Concepts (IMDC) brings over 30 years of experience in importing contemporary and luxury lighting to the North American market. From Spain to Sweden, passing through Italy and the United Kingdom, we promote and distribute modern architectural and decorative lighting from all over the UK and Europe.

Many showrooms, designers, and architects have relied on IMDC to provide a diverse selection of high-quality innovative lighting solutions.

We work with an extensive network of professional representatives throughout the U.S., who are expertly trained in the lighting segment. Their background in contracting and specification allow them to navigate through every project from the design and technical aspects to the final steps of installation and support.

Our mission is to assist our clients through a premium service, tailored to their needs, and help them create the perfect ambiance with our unique, luxurious and innovative designer lighting.

Design Excellence Coupled with Quality and Craftsmanship

From chandeliers to floor lamps to pendant lights, CTO Lighting has been creating designs that embody a contemporary yet timeless elegance for almost 25 years. Inspired by nature's finest raw materials, CTO Lighting creates contemporary lighting fixtures that embody artisan-crafted materials, illuminating them with a soft diffused light.

Design excellence coupled with quality and craftsmanship ensures the longevity of a CTO Light fitting in the most sophisticated interiors around the globe. The final design must above all else deliver a soft ambient glow, which in turn will enrich the luxury interior that it occupies.

Alluring Lighting

The name Oblure is a union between the words “object” and “lure”. This concept lays in the core of the brand in order to design and create alluring objects. The vision is “to create original, bold and alluring objects”, with a mission “To create innovative, unique and qualitative lighting fixtures for residential and public spaces.” With Oblure's skills and roots cemented in the Scandinavian design tradition, the brands endorse the simplicity, the minimalistic, and the functional. For Oblure a lamp is more than just lighting, it's a piece of art. Oblure therefore collaborates with international designers to curate distinguishable lighting fixtures to captivate the beholder.

Handcrafted Light, Timeless Design

THE ESSENCE of Tom Rossau's design philosophy lies in the curvaceous landscape and ethereal light of Odsherred, the place he was born and raised.

With a focus on the intriguing relationship between geometry, materiality, and light, Rossau's work is a celebration of timeless craftsmanship and elevated design. The essence of a Tom Rossau lamp lies in its transformative nature.

TOM ROSSAU'S DESIGN ethos revolves around the versatile use of strips, a hallmark of the brand's identity. The designs are shaped by the unique qualities of materials like wood, paper and metal, guiding the hand-built production process in Copenhagen.

Expressive Relevance Beyond the Ordinary

The name Oblure is a union between the A Swedish lighting brand with a new take on Scandinavian design. Pholc believes in the power of expressive simplicity – in creating timeless aesthetics with strong personalities. A brand that pushes the boundaries, encouraging constant motion between the familiar and the unknown, always taking a stand against the expected. Swedish – never ordinary. Founded in 2015 by Maja and Samuel Norburg with an ambition to define and shape what Swedish design can be. Pholc is driven by the will to always stay expressive, relevant, sophisticated, and informed.
