IM DESIGN CONCEPTS

## Finest in Contemporary and Luxury Lighting

Exclusive promoter and distributor of premier international lighting brands.

IM Design Concepts (IMDC) brings over 30 years of experience in importing international lighting to the North American market.

From Spain to Italy, passing through Sweden and London, we promote and distribute modern architectural and decorative lighting from all over the U.K. and Europe.

Many showrooms, designers, and architects have relied on IMDC to provide a diverse selection of high-quality, innovative lighting solutions.

We work with an extensive network of professional representatives throughout the U.S., who are expertly trained in the lighting segment. Their background in contracting and specification allows them to navigate through every project from the design and technical aspects to the final steps of installation and support.

# The Art of **Light**

CTO Lighting is a British design house creating understated luxury lighting of uncompromising quality. For over 25 years, the brand has illuminated the world's most sophisticated interiors with lights defined by timeless elegance, noble materials, and exceptional craftsmanship.

Founded in 1998 by Chris and Clare Turner, CTO Lighting was born from a shared vision to elevate British lighting through precision engineering and refined design.

Every CTO piece is hand-assembled in the UK using the finest materials from across Europe, including hand-finished brass, mouth-blown glass, and artisan-crafted stone.

From grand chandeliers to sculptural floor lamps, CTO Lighting creates with longevity in mind. The designs are not made for trends, but performance.

## From **Dream** to **Light**

The objects from Vidé Création carry sculpture into the universe of living design and thus install a part of the dream into everyday life.

Vidé Création believes that creation is a source of wonder. Believing, too, that dreams are inherent in creation and that they are needed more than ever in our lives.

Countless hours are spent creating each object. The best craftsmen in the field of fine metalwork participate in the manufacture of these true pieces of goldsmith's work, contributing to the enhancement and preservation of a unique know-how and paving the way for the realization of spectacular special projects.

Based in Paris, France.

# Handcrafted Light, Timeless Design

THE ESSENCE of Tom Rossau's design philosophy lies in the curvaceous landscape and ethereal light of Odsherred, the place he was born and raised.

With a focus on the intriguing relationship between geometry, materiality, and light, Rossau's work is a celebration of timeless craftsmanship and elevated design. The essence of a Tom Rossau lamp lies in its transformative nature.

TOM ROSSAU'S DESIGN ethos revolves around the versatile use of strips, a hallmark of the brand's identity. The designs are shaped by the unique qualities of materials like wood, paper and metal, guiding the hand-built production process.

# Alluring Lighting

The name Oblure is a union between the words “object” and “lure”. This concept lays in the core of the brand in order to design and create alluring objects.

The vision is “to create original, bold and alluring objects”, with a mission “To create innovative, unique and qualitative lighting fixtures for residential and public spaces.”

With Oblure's skills and roots cemented in the Scandinavian design tradition, the brands endorse the simplicity, minimalism, and functionality. For Oblure, a lamp is more than just lighting; it's a piece of art.

## United Alabaster

Since 1969, United Alabaster has transformed a timeless natural material into unique, immersive environments full of character. Alabaster, with its soft, natural ability to filter light, offers endless possibilities to turn any space into a sensorial experience.

United Alabaster is particularly known for its wall sconces: authentic light sculptures that combine elegance, functionality, and unmistakable personality.

The company sources first-quality alabaster from the quarries of La Puebla de Híjar and Gelsa, selecting each vein with care and shaping it into forms that honor its natural essence.

United Alabaster treats alabaster not just as a luminous material, but as a visual language—one that harmonizes with wood, marble, and metal to create compositions that transcend function and evoke true sensory experiences

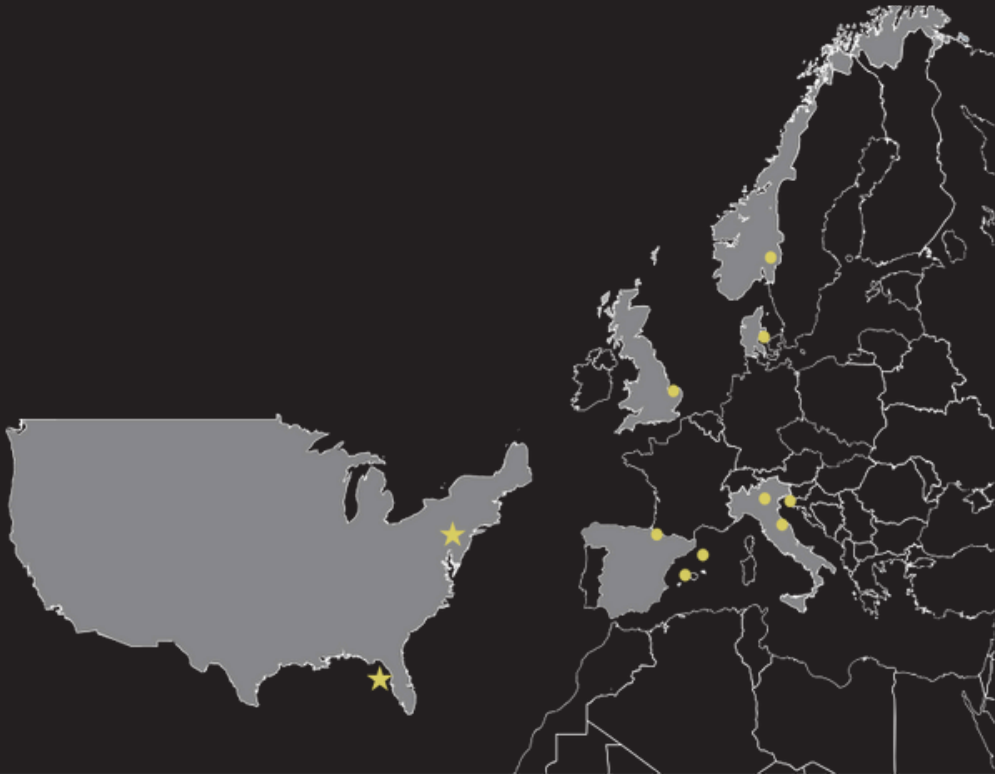

Made in Sarral, Spain
